

Christopher Jack (胡賢健)

Freelance Web Designer + Front-end Developer, Xiamen, China
+86 1-345-922-5864 • read@designc7.com • www.designc7.com

Very good at creating usable, elegant and backward-compatible websites and interfaces using a standards-based methodology, professionally. Freelancing as 3esmile Design Studio, role as UX, UI and running another fun project - Hua Zhong Wen.

Experience

Freelance *May 2008 – Present*

About 2 years of freelance web and interface design for several companies and work on the front-end coding of the whole site including XHTML, CSS and JS for a social site in Australia and then work on the Microsoft (Japan) sites for NEWDECIDES in 2009. The founder of 3eSmile Design Studio and founded another fun project called Hua Zhong Wen (drawing Chinese)

Mother Nature Co., Ltd, Web designer & developer *May 2007 – March 2008*

Built 3 websites (PHP + mySql powered) for the company, I designed and did the front-end development. I know how the PHP + mySql framework works and could cooperate with the back-end developer as well.

Xinwang Hulian, Web designer *Aug 2006 – March 2007*

Worked on the finance portal website of the company which was developed with ASP.net. After that, designed and built the websites for several firms independently.
